

Smoker To-Night in Interest of Richmond-Washington Highway

R. L. Christian & Co., Distributors Richmond, Va.

BOOST GOOD ROADS AT BIG SMOKER TO-NIGHT

Chamber of Commerce Will Act as Host When Delegates From Many Cities Gather to Discuss Plan for Raising Money to Build Virginia Link from Washington to Richmond, Via Fredericksburg, in Miami-to-Quebec Highway.

Good roads will be the topic of discussion at a smoker to be held to-night in the auditorium of the Jefferson Hotel. The Chamber of Commerce will act as host, and as guests will come delegates from Baltimore, Washington, Fredericksburg, Manassas, Bowling Green, Ashland and the several counties of this State through which the proposed Quebec-to-Miami highway will pass.

Men well versed in the work of road-building will be on hand to address those gathered. They will tell just what is needed in Virginia. President T. M. Carrington, of the chamber, will be in the chair. John C. Easley, chairman of the chamber committee on streets, roads and parks, will also make an address. So will Preston Delvin, president of the Virginia State Automobile Association, and Mr. Beale, of Bowling Green, and Whit D. Payton, of Stafford County, and V. J. Graves, of Fredericksburg, and R. S. Hanson, of Manassas.

Out of all the oratory which will be dispensed it is hoped to find some practical way to raise the \$200,000 needed to build the Virginia division of the great highway. The value of the road will be presented in a striking way. The method for its construction will be pointed out in detail. Everybody's views will be heard, and the best suggestions offered will be adopted. All Richmond is invited to attend the smoker. It is believed that at least 500 delegates from out of town will be on hand.

The movement is a growing one, and as a matter of fact, the highway is nearly complete with the exception of about 130 miles of road to be constructed in Virginia. Of course, it is essential that the road pass through Richmond. There are other ways to reach the South. For instance, tourists may use the Valley route, by way of Roanoke, or they may come down the Eastern Shore. But Richmond and Fredericksburg and the other cities and towns along the more direct route want the benefit of the money which tourists will spend. Not alone that, but the farmers, who must depend on the highways to bring their produce to market, will be incalculably benefited.

For instance, on the present insecure and deplorable roads, the cost of hauling is out of all proportion to what it is where good roads are already in existence. The hardships endured by both the animals and the driver are without number. The wear and tear on rolling stock is tremendous, so that the life of a vehicle driven along bad roads is just about one-third what it is on good roads.

The smoker tendered by the chamber to-night is the outcome of weeks' study of the situation. Nobody more than the business men of Richmond realizes the importance of good roads. It is thought that when the several commercial organizations of Richmond, such as the Business Men's Club, the Travelers' Protective Association, the United Commercial Travelers, the Advertisers' Club, and the South Richmond Business Men's Association, mingle with delegates from out of town, who are just as much interested as is Richmond, that something can be accomplished toward making the roadway a reality.

After the speeches have been made, and after the delegates have been dined, a business meeting will be held, in which the Virginia division of the Quebec-Miami International Highway will be formed. Branches of the Virginia organization will be established in each county along the route. Each of these branches will be properly officered, and will be instructed how to

A. AND M. WILL PLAY 21 GAMES

Baseball Schedule for Aggies Announced by Manager McGee.

West Raleigh, N. C., February 14.—The 1912 A. & M. baseball schedule has been announced by Manager J. E. McGee. The usual series of games have been scheduled with Davidson, Washington and Lee, Guilford and Wake Forest, and single games with the other colleges played by A. & M.

The season will open, as usual, with Trinity Park School on the local grounds; then the first of the series of three games with Wake Forest will be played on their grounds, followed in quick succession by games on the local grounds with the Northern colleges, after which come the games with the other colleges of this section.

The Easter Monday game will be played with Wake Forest on the local grounds. This game is a fixture in the schedule of the college, as it usually draws from 2,500 to 3,000 people every year.

The schedule contains two trips—one to Charlotte to play Davidson, and the regular Northern trip. Owing to a cross in dates, Georgetown will not be played in Washington, as has been the custom for the past several years. A game with the Military Academy in West Point, N. Y., had to be abandoned on the Northern trip.

Four teams, never played before by A. & M. in baseball, are on the schedule this year, these being the University of Vermont, Pennsylvania State College, St. Mary's College of Maryland, and the University of Georgia.

The schedule contains twenty-one games, fourteen of these to be played on the home grounds, and two open dates. It is likely that one or two league teams on their return from their Southern training trips, but nothing definite as yet has been announced by Manager McGee. Following is the schedule:

H. C. Everhart, a lumber dealer, of North Carolina, was arrested early last night on a charge of disorderly conduct in the Dixie Theatre, a colored amusement house on the corner of Brook Avenue and Broad Street.

Everhart is part owner of the theatre, and was there, it seems, to look over the property. He is the room occupant of the motion picture apparatus, and is alleged to have struck a match, which is a violation of the theatre's rules, and he was arrested in the place at the time and he was placed under arrest by Police Officer Whitehead. He was later bailed by Mrs. A. E. Thorpe, owner of the Rex Theatre.

COMPACT CIRCUIT IS ONE FEATURE

Average Jump of Clubs in New League Will Be Only 231 Miles.

[Special to The Times-Dispatch.] Reading, Pa., February 14.—Compactness of the circuit, convenience of the grounds, permanency and safety of the stands, and the ability of players at least equal to the very best in the pennant-winning clubs of any other organization are the fundamental features of the plans that will be perfected at the meeting of the United States League of Professional Baseball Clubs in Cleveland on Monday.

So compact, in fact, is the circuit that the average jump of the clubs during the season will be but 231 miles, which means that the item of cartage will not exceed \$50.32 for each of four clubs every third day. The guarantee of \$15 a day will more than provide for this cost and board.

In the table of distances the following figures appear: From Brooklyn to Reading, 125 miles; Reading to Washington, 154; Washington to Richmond, 114; Richmond to Cincinnati, 580; Cincinnati to Cleveland, 239; Cleveland to Pittsburgh, 165; Pittsburgh to New York, 431—a total of 1,810 miles for the entire circuit. This will mean that there will be no lay-off while clubs are moving from East to West.

More striking still is the matter of the convenience of grounds. The ball park of the New York club will be within ten minutes' ride from Twenty-third and Broadway, and over five million people can reach it for a 5-cent fare in Brooklyn the trip from the bridge to the park can be made for 5 cents in less than fifteen minutes.

Reading has 150,000 people within a 5-cent fare, and over half a million population included in its baseball park. The distance from the center of the city to the park can be covered in less than twelve minutes.

Washington's park is within a fifteen minute ride from the center of the city, and there is a population of 331,000 to draw from.

Richmond has over 150,000 people who can reach the park for a 5-cent fare within twelve minutes.

TEAM IS PRACTISING FOR RICHMOND MEET

Trainer Lannigan Thinks Virginia Athletes Will Carry Off First Honors—Good Material Among Canoeists.

[Special to The Times-Dispatch.] Charlottesville, Va., February 14.—With the first trophy of the track season safely home from Washington, Trainer "Pop" Lannigan, of the Virginia track team, is able to judge with some degree of accuracy as to the ability of his squad and the prospects for a successful year. Although the genial trainer will not admit it, he is quite enthusiastic over the situation. It has been a big undertaking to bring a squad of the men into shape and build up a reliable team, but, with a small but strong nucleus, this is what he has.

Virginia, it is expected, will carry away the honors at Richmond a week from Saturday, and on the following week will meet her rival, Georgetown, with the hope of adding another trophy to the present collection in Madison Hall.
